

# UNITED DIVERS OF NEW HAMPSHIRE

**NEWS LETTER**  
**MARCH — APRIL**

*Dive club meetings are the 1st and 3rd Monday of every month and are held at the Manchester YMCA on Mechanic Street in Manchester, NH. All meetings begin at 7pm and are followed by 1 hr. of pool time. Please join us at our next meeting.*

## From the President's Desk:

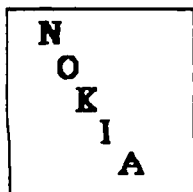

Spring is now here and we have a nice diving schedule put together for this season. Be sure to consult our dates to remember. We are sure there will be a dive just for your liking. Remember if you also have a favorite dive site and would like some company next time let us hear from you.

Diving conditions seem to be the best yet. The water temperature is 37-40 degrees and a week ago, very clean and clear, with visibility in the range of 60 to 70 ft. Fish may be hard to find but the plant life is in abundance. While diving the back side of the Isle Shoals, my dive buddy and I found a wall that extended from 20ft to 70ft. It was covered with Sea Anemones in a full array of colors from pale orange to bright red. If this is any indication of the coming dive season we in UDNH should be in for one of the best dive seasons that we've had in a long time. We are excited about the upcoming programs and dives. Our first dive is at the Nubble Light House. This should prove to be a good start for this season. So come and enjoy the day and support your favorite outdoor activity, DIVING!

Remember to double check your equipment and if needed get it serviced at one of our supporting advertisers in this news letter. Until next time remember,

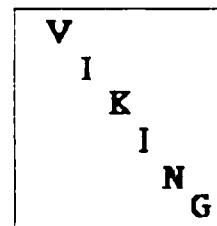

***KEEP ON DIVING !!!!!!!!!!!***
